Vaagdevi Junior college

Intermediate (M.P.C) 2018

- Score – 92.4%

Chaitanya Model High School

S.S.C

- Score - 9.7/10

PROJECTS

RESEARCH PAPER WAS PUBLISHED IN A NATIONAL JOURNAL ON “NAVIGATION OF EMPTY PARKING SLOTS USING IMAGE PROCESSING”

“ Python+opencv+pickle+numpy+MYSQL+SPYDER3

- Firstly, we will setup cameras in the parking area and a big screen at the entrance of the parking slot
- The data captured by the cameras are taken as input to our code and here various image segmentation, processing, filtering, and enhancement techniques is done. The empty slots are displayed on the big screen in green and filled slots are in red colours accordingly.

SKILLS

- Java, C, C++, OOP REACT, MongoDB , Firebase and Data Structures
- Working knowledge of HTML,XML, Android App Development using Android Studio with Java Language and Full Stack web Development using MERN
- Familiar with windows and Linux systems.

ADDITIONAL PROJECTS

- CREDIT CARD FRAUD DETECTION
PYTHON+pandas+Sklearn+Vscode+Jupyter Notebook
- Android app using java language in Android Studio like an app based on matching people with only common interests, sending requests and Chat.
- WEBSITE CLONE OF AMAZON
React Js +JavaScript +HTML +CSS +MongoDB+ EXPRESS+NODE
- Another 3 projects including two self-made projects

Additional Skills

- *Strong Communicative skills and leadership skills
- *Multi-tasker and better problem solver
- *Creative and quick learner
- * Attentive to detail and good research skills
- * An enthusiastic to learn new things

INTERESTS

- *Computers and Technology
- *Playing Chess
- *GYM and Workout
- *Tries to learn atleast a new topic everyday
